WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

September 12, 2025

Tropical Activity

Atlantic – Disturbance 1

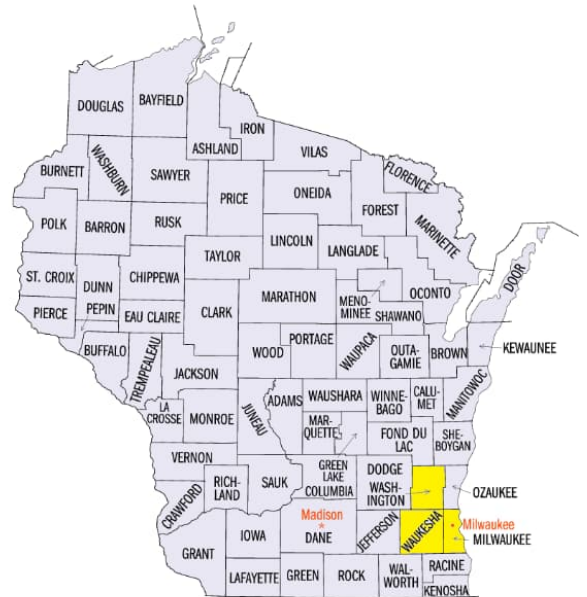

- A tropical wave located near the west coast of Africa is producing disorganized showers and thunderstorms over the far eastern Atlantic.
- Environmental conditions appear conducive for some gradual development of this system over the next several days.
- A tropical depression could form by the middle part of next week while it moves westward to west-northwestward at 10 to 15 mph over the eastern and central tropical Atlantic.
- Formation chance – 48-hour: Low (near 0%); 7-day: Medium (40%)

Disaster Declaration Activity

DR-4892 Wisconsin

- One month after the historic flood in Wisconsin, President Donald Trump approved \$29.8 million in federal disaster assistance for the August storm and flood recovery efforts.
- The approval follows Gov. Tony Evers' request for a presidential disaster declaration after record-breaking rainfall in parts of southeastern Wisconsin.
- On August 9, 2025, Milwaukee County received 14.55 inches of rain within 24 hours, overwhelming infrastructure and submerging vehicles and basements.
- Joint damage assessments conducted by Wisconsin Emergency Management and the Federal Emergency Management Agency on Aug. 21-22 revealed extensive destruction, with initial estimates showing 1,500 residential structures destroyed or sustaining major damage, totaling approximately \$33.1 million.
- Individual assistance has been approved for the counties of Milwaukee, Washington and Waukesha.
