WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

February 1, 2023

## Declaration Request West Virginia (Appeal)

- The Federal Emergency Management Agency denied a request from Kanawha and Fayette counties for individual assistance from Aug. 15 flooding that devastated some areas.
- Kanawha County commissioners said the federal agency sent a letter to West Virginia Gov. Jim Justice saying that “it has been determined that the impact to the individuals and households in Fayette and Kanawha counties is not of the severity and magnitude to warrant the designation of individual assistance.”
- Many residents reported that the flooding in Kanawha County on Aug. 15 was the worst they had ever experienced.
- County officials said more than 100 houses received flood damage in Campbells Creek and at least two bridges were washed out in the Hughes Creek area. Fayette County also was hammered, with Smithers getting hit particularly hard.
- After the denial by FEMA, the Kanawha County Commission said it will be reaching out to the state’s congressional delegation to request assistance with an appeal and to seek additional aid for flood victims.
- On January 27, 2023, the Governor of West Virginia submitted that appeal for individual and public assistance for the counties of Fayette and Kanawha due to severe storms, flooding, landslides and mudslides that occurred on August 15, 2022.

## Texas Tornadoes

- According to CoreLogic, hail, straight-line winds, and tornadoes from a strong low-pressure system damaged approximately 18,600 single- and multifamily residential properties across the Gulf Coast area of Harris County, Texas on January 24, 2023, with a combined reconstruction value (RCV) of \$4.6 billion.
- Not all properties within the tornado footprint suffered damage, and a damaged structure may not have suffered 100% loss up to the full reconstruction value.
- But according to TDEM (Texas Division of Emergency Management), local estimates so far indicate 16 homes destroyed, 383 with major damage, 133 with minor damage and another 146 affected.
