WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

December 12, 2024

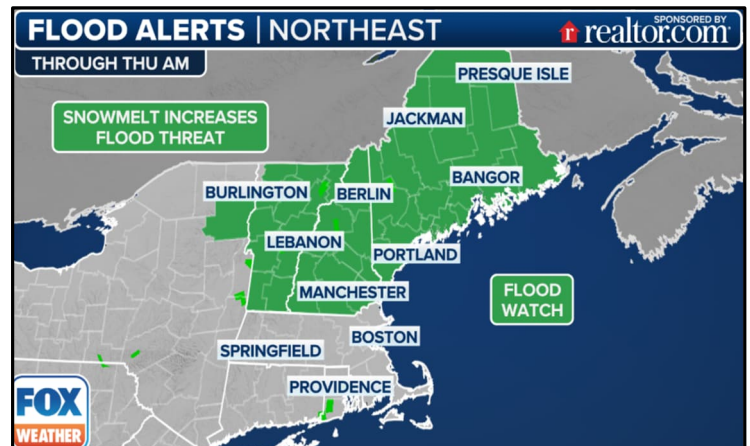

## Franklin Fire California

- Nearly 2,000 first responders from multiple agencies are on the ground and in the air battling the Franklin Fire burning in Malibu, California, outside Los Angeles on Thursday.
- The destructive fire has forced thousands of residents to evacuate.
- In a matter of hours, the fire exploded in size, scorching more than 4,000 acres by Thursday morning with 7% containment.
- The city of Malibu issued mandatory evacuation orders and warned residents of the approaching flames. Around 6,300 people remain evacuated as of Wednesday evening, officials said.
- A damage survey team has pored over 25% of the affected area so far and counted nine structures destroyed, and six others damaged, according to Albert Yanagisawa, deputy chief of the Los Angeles County Fire Department.

## Severe Storms Northeast

- Millions along the East Coast felt the impacts of a rapidly strengthening storm system on Wednesday, with wind gusts reported in excess of 70 mph and heavy rainfall that caused power outages.
- The system, which had the markings of an atmospheric river event, started developing over the Ohio Valley before rapidly strengthening over the Northeast.
- Wind gusts topped hurricane-force along the higher elevations in Massachusetts, with gusts near 50 mph in New York City.
- Providence, Rhode Island reported a record daily rainfall amount of 2.4" as of Wednesday afternoon.
- As of Thursday morning, nearly 90,000 power outages were reported in Maine.
- Downed trees and power lines caused nearly 20,000 outages in North Carolina, and clusters of outages were reported in Florida, Georgia, South Carolina, Virginia, Pennsylvania and Ohio.
- Millions of people across the region have been posted with Flood Watches as the combination of rain and snowmelt could become problematic for communities in Vermont, New Hampshire and Maine.
