WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

January 5, 2022

Tornado Activity

Kentucky (Jan. 1)

- Following the severe weather on New Year's Day that caused considerable damage to several structures in downtown Hopkinsville, Gov. Andy Beshear said he would be asking for federal aid for the city.
- Just before 9:30 a.m. Saturday, severe weather, including a tornado, tore through parts of downtown Hopkinsville in the area between 18th and Fourth streets, most notably in the areas of Ninth, Walnut, Seventh and South Campbell streets.
- Fortunately, no injuries have been reported as a result of the damage sustained in the downtown area.
- However, several homes and commercial structures, as well as two parks, were significantly damaged as metal debris, tree limbs and other objects were scattered on top of buildings, throughout the streets and parks, over wires, and atop fences.
- Christian County Emergency Management Director Randy Graham shared that the National Weather Service officially classified the tornado as an EF-2 and traveled through 18 city blocks.
- He continued to state that the tornado impacted 85 residences, 13 businesses and two churches.
