

DAILY DART

WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

January 3, 2025

Severe Weather Outlook

South

- Areas of the South recently ravaged by a deadly tornado outbreak are again facing the threat of severe weather this weekend.
- This severe weather threat has residents in Texas, Louisiana and Mississippi preparing for more powerful thunderstorms on Sunday.
- The storm will emerge on the southern side of a powerful winter storm that's expected to bring heavy snow and hazardous ice from the Plains to the mid-Atlantic.
- The warmer, southern side of the storm will have enough atmospheric energy and wind shear to allow for thunderstorms to rotate and potentially turn severe.
- Damaging wind gusts and some tornadoes appear likely across the lower Mississippi Valley on Sunday afternoon.

Pending Individual Assistance Declaration Request

State	Event	Date Submitted	Approved/Denied/Pending	Number of Counties/Tribes
