WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

August 7, 2020

Tropical Activity

Atlantic – Disturbance 1

- Tropical wave located several hundred miles WSW of Cabo Verde Islands.
- Formation chance through 48 hours – 10%
- Formation chance through 5 days – 10%

Hurricane Isaias Aftermath

- Widespread power outages continue in Connecticut, New Jersey and New York.
- At least 30 unofficial tornado touchdowns were cited by the Storm Prediction Center (SPC) from Isaias
- Damage assessments are ongoing.

South Carolina

- Over \$2.4 million is the estimation of damages North Myrtle Beach endured Hurricane Isaias on Monday, according to city officials.
- North Myrtle Beach spokesman Pat Dowling said 483 properties are damaged within the city limits, mostly in the Cherry Grove area.
- Dowling said 96.5% of the 483 assessed properties are single-family residential properties. Almost 94% of them are in Cherry Grove alone, he added.

North Carolina

- Bertie County officials have issued a preliminary report of the property damage caused by the impact of Hurricane Isaias, which included a tornado that killed two local residents.
- As a result of that tornado – determined as an EF-3, with winds between 140-145 mph, by the National Weather Service – 26 residences were totally destroyed, most of which were in the Cedar Landing community of the county. Additionally there are eight homes still standing, but deemed unsafe for occupancy.
- There are an additional 165+ homes across the county that received some type of damage, but still livable, during the hurricane/tornado.

Virginia

- Several tornadoes touch down in Virginia causing significant damage in the city of Suffolk.
- At least 99 homes and buildings were damaged or destroyed.
- Major damage was also reported in Southampton due to apparent tornado activity.

Maryland

- Six tornadoes have been confirmed in Maryland by the National Weather Service in the counties of St. Mary's, Calvert and Wicomico.

Delaware

- Governor John Carney on Tuesday issued a State of Emergency to coordinate response and recovery efforts following the high winds, heavy rainfall, tornadoes, and flooding due to Tropical Storm Isaias.

WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

August 7, 2020

- The National Weather Service confirmed that a tornado spun off from Tropical Storm caused widespread damage in an area extending from Dover to Middletown.
- According to initial reports, damage in Delaware may cause more than \$20 million.
- This cost covers damages to dozens of homes in Dover and New Castle County as well as a school and utility structure damages.

Pennsylvania

- In southern Philadelphia, 200 homes were affected by floodwaters from the Darby Creek.

New Jersey

- A reported tornado affected portions of Cape May County in Marmora, where 6-12 structures were damaged.

Connecticut

- The American Red Cross in Connecticut is providing support to 25 families (77 individuals) who are unable to live in their homes after Tropical Storm Isaias.
- The Federal Emergency Management Agency notified the state Friday that President Donald Trump approved a federal emergency declaration for Connecticut.
