damage, 28 homes had minimal damage to their structure and contents, and two were unaffected. Seven homes were deemed inaccessible, and 16 homes were not determined.

- The storms produced more than nine inches of rainfall in some areas.

Michigan

- Damage assessment teams with Michigan State Police and Federal Emergency Management (FEMA) will travel to a total of 9 Michigan counties this week, including Ingham, Livingston, and Oakland, to survey damages incurred in last month's severe weather and tornado activity.
- Other counties included in the damage assessment include Eaton, Ionia, Kent, Macomb, Monroe and Wayne.
- According to a press release from Michigan State Police, teams from MSP Emergency Management and Homeland Security Division (MSP/EMHSD), Federal Emergency Management Agency (FEMA), Small Business Administration (SBA), and local officials will conduct damage assessments starting on Tuesday, September 19 through Friday, September 22.
- Four teams of federal, state, and local personnel will conduct a joint preliminary damage assessment (PDA) of areas impacted by severe storms, seven tornadoes, and flooding that occurred from Aug. 24-26.
- The joint PDA teams will review the extent, severity, and impact of the storm, tornado, and floodwater damage to homes and businesses.
- The collected damage totals and impact data will be used to determine whether the disaster meets established criteria that would warrant a request for a federal declaration and assistance.
